SafetyWallet

DESIGNED FOR CHAMPIONS OF SAFETY

The Heart of Our Course

Empowering you to spearhead safety with the Triple P System and create safe work environments. Dive deep into the essentials of health & safety, risk assessments, and SafetyWallet's innovative approaches. Whether you're an aspiring safety officer or a seasoned manager, this course is your pathway to excellence.

FOCUS AREAS

Elevate your career with our course, designed to equip you with cutting-edge tools and techniques for health and safety management. By mastering the Triple P System, Risk Assessment Methodologies, and change management strategies, you'll become an unparalleled Health and Safety Professional, ready to foster safer, healthier work environments.

THIS COURSE IS FOR

- ✓ Aspiring Health and Safety Professionals
- ✓ Safety Officers
- ✓ Health and Safety Managers
- ✓ Independent Health and Safety Practitioners and Consultants
- ✓ SafetyWallet Subscribers
- ✓ Members Registered to Saiosh

OUR CORE PURPOSE

This course is aimed at empowering individuals towards being able to implement and maintain a Health and Safety Management System (The Triple P System on offer from SafetyWallet) and in so doing, to create a safer work environment for all by empowering candidates with an understanding of:

- ✓ SafetyWallet, its subscriptions and benefits as well as the SafetyWallet approach to Occupational Health and Safety.
- ✓ The Occupational Health and Safety Act (85 of 1993)
- ✓ Health and Safety Risk Assessments.
- ✓ OHS Online Cloud-based Management System
- ✓ The Triple P Health and Safety Management System Structure.
- ✓ The composition and Structure of individual Triple P's (Policies, Procedures and Practices)
- ✓ The Implementation process of the Triple P System.
- ✓ Overcoming the challenges associated with the Implementation of the Triple P System with the Tools and Resources provided by SafetyWallet.

LEARNER SUPPORT

Our course supports learners through **group chats** for collaboration, **direct email support** for in-depth queries, and personalized **virtual one-on-one sessions**, ensuring tailored guidance for success.

COURSE ASSESSMENT

Learner assessments are formative and summative in nature, covering theoretical knowledge and practical application, to ensure comprehensive skill mastery.

BEHAVIOUR BASED SAFETY

Behaviour Based Safety (BBS) isn't just about following rules, it's about understanding why we do what we do and how each action impacts our safety and that of those around us. Through our Triple P Health and Safety Management System Certificate, we empower individuals and teams to:

- ✓ Identify and analyse work behaviours that contribute to accidents and near-misses.
- ✓ Actively engage employees in safety observations and discussions.
- ✓ Foster a proactive approach to safety, encouraging safe behaviours through positive reinforcement.

WHAT IS THE MINDSET EVOLUTION SCHEMA

The Mindset Evolution Schema (MES) is a structured model designed to navigate through the complexities of behavioural change effectively. MES is built on five critical tiers:

- 1. Behavioural Adjustment:** Directly addressing unsafe behaviours with actionable feedback.
- 2. Knowledge Empowerment:** Enhancing safety understanding through targeted education.
- 3. Perception Exploration:** Unearthing underlying beliefs and perceptions about safety.
- 4. Rapport Cultivation:** Building trust and communication to strengthen safety culture.
- 5. Influence Network:** Leveraging influential figures to champion safety across the board.

By embracing MES, our course participants learn to:

- ✓ Implement change at every level, ensuring no stone is left unturned in the pursuit of safety.
- ✓ Understand and address the root causes of resistance to safety protocols.
- ✓ Create lasting behavioural change that transcends mere compliance.

EMPOWERING YOUR SAFETY JOURNEY

This certificate equips you with the tools and insights needed to apply BBS and MES in your workplace, turning safety from a policy into a way of life. Our engaging curriculum and expert instructor will guide you through:

- ✓ Real-world applications of BBS and MES, offering practical strategies for immediate implementation.
- ✓ Interactive sessions that encourage participation, reflection, & collaboration.
- ✓ Access to an extensive toolkit, including policies, procedures, and best practices, all available through OHS Online

MAKE SAFETY YOUR COMPETITIVE EDGE

A strong safety culture is not just a legal requirement, it's a competitive advantage. By fostering a workplace where safety is ingrained in every action and decision, you're not just protecting your team, you're setting your business apart. Our Triple P Health and Safety Management System Certificate is your first step towards:

- ✓ Reducing accidents and incidents, leading to lower costs and higher productivity.
- ✓ Enhancing employee morale and engagement, attracting top talent who value safety.
- ✓ Strengthening your reputation as a responsible, forward-thinking employer.
